In Good Luck.

"About two years ago my father came here from Mason City, Iowa, on a visit." says O. L. Scott, Duffield, Mich "While here he was taken sick with diarrhoea and cramps. I gave him several doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy and it cured him." This remedy always cures. It is for sale by all druggists.

# Are You on Good Terms With Your Stomach?

Treat it right—its your best friend. Abuse it -and you'll find there's a limit. When the limit is reached, the stomach must rest. Kodol rests it.

That is what Kodol is for. The stomach can-not stop work; if it did you would stop existing. It cannot even take a vacation and "rest up" except when it has Kodol to assist it.

Very likely you never gave a thought to how hard your stomach works. Most people don't until they have to. Sometimes, though, it cost less to do a little thinking before one has to.

Even the galley-slave of the ancients rested—at intervals. But the stomach of modern man works harder than the galley-slave, and it never rests—

Kodol, of course, will rest the stomach, but that is something nature didn't provide for. If people now-a-days lived the way nature intended, it wouldn't have been necessary to provide for it. But they don't that's the trouble.

Better keep on good terms with your stomach, if you can. Your health depends absolutely upon the perfect performance of the stomach's functions. Ever think of that-or why it is true?

The human body is composed of certain chemi-cal elements. These are combined to form substances such as fat, protein, carbohydrates, mineral matter and water.

The food we eat is composed of exactly these elements. The stomach must disintegrate this food and correctly apportion it to the needs of the system. Looks like a lot of work for the stomach, doesn't it? No wonder it occasionally needs Kodol to help it do this.

The person who has the kind of a stomach that can do its own work continuously, without assistance has a good deal to be thankful for. Most people haven't that kind. That is why they re-

Kodol will do all the stomach's work for it, when necessary—giving it a period of complete rest. The rest that restores health. That's how Kodol cures indigestion—which is merely a good digestion "gone wrong."

People used to think that when they had indigestion they should stop eating or limit them-selves to a prescribed diet. Others commenced purging with cathartics. All that is very disagreeable and unpleasant. Also, it isn't necessary.

Starvation or purging doesn't cure anything. Kodol doesn't cure anything either-but shows nature the right road, in short order. Kodol merely establishes complete and perfect digestion. It does this by digesting every particle of the food. The stomach then rests and cures itself. That is what was intended when Kodol was made. It couldn't be any other way.

Kodol is quite indispensable to a good many ersons. To all, in fact, who haven't time in their daily lives for a careful selection of foods and diet. It very quickly enables nature to rectify any disagreeable effects of wrong eating.

#### Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say that it has not done you any good return the bottle to the druggist and he will refund your money. We will then repay the druggist. This offer applies to the large bottle and to but one in a family. Every druggist knows our guarantee is good

The dollar bottle contains 2% times as much as the fifty cent bottle. Kodol is made at the laboratories of E. C. DeWitt & Co., Chicago.
